JOHN MARK TOTICH COLLECTION
OF
PAPERS

Inventory compiled

by

Alicia Taylor

Auckland War Memorial Museum Library

This inventory was made in 2019 to box level only, as a means to kick start a more comprehensive look at the John Mark Totich Collection. This document should make the papers more easily accessible, until a more detailed version can be made.

The collection is comprised of 1,879 folders contained within 129 boxes and 2 outsized items. There are 26 boxes at the end of the collection which were previously arranged by numbers and letters different from the current arrangement. A record of the previous arrangement must be maintained.
